### Magnums

*Standing proud, oozing with style and theatre, a magnum is more than just the sum of its parts (two bottles). Revel in the joy, the sense of occasion and dare we say, the attention that a large format generates. Or be like that famous bon-viveur, Sir Winston Churchill, who thought that “a magnum is the perfect size for two gentlemen over lunch, especially if one isn’t drinking”. Seriously though, magnums just seem to taste better.*
